**20-22 JULY, 2026  
SINGAPORE**

**Theme: "Thriving Earth: Agriculture, Forestry, and  
Horticulture for a Sustainable World"**

# ABOUT THE EVENT

The 2nd Edition of the Agriculture, Forestry, and Horticulture World Conference (AFHWC 2026) is set to be a landmark global event, scheduled to take place in Singapore from July 20 to 22, 2026. This prestigious gathering brings together leading researchers, industry experts, policymakers, academicians, and practitioners from across the world to exchange ideas, share innovations, and collaborate on building a sustainable future for agriculture, forestry, and horticulture.

With the theme “Thriving Earth: Agriculture, Forestry, and Horticulture for a Sustainable World” the conference aims to foster meaningful discussions and present cutting-edge research on eco-friendly and innovative approaches that contribute to environmental resilience and global food security. It will serve as an exceptional platform for exploring modern technologies, scientific advancements, and sustainable strategies in agricultural engineering, forest management, and horticultural development.

AFHWC 2026 will feature an engaging program of keynote addresses, plenary sessions, interactive workshops, and scientific presentations that encourage collaboration and knowledge sharing among participants. The event is designed to highlight the latest developments in sustainable practices, climate-smart technologies, biodiversity conservation, and resource optimization. It also provides opportunities for participants to network with global leaders, exchange expertise, and form meaningful partnerships aimed at advancing sustainability goals.

By participating in AFHWC 2026, attendees will gain valuable insights into the latest innovations and research trends shaping the future of agriculture, forestry, and horticulture. This event is not just a conference; it is a collaborative movement toward creating greener pathways, fostering innovation, and promoting sustainable practices for a better world.
