ABOUT THE CONFERENCE

The Cell & Gene Therapy World Conference (CGTWC 2025) focuses on groundbreaking innovations and advancements in the rapidly evolving fields of cell and gene therapy. Our mission is to explore cell & gene therapy research, bridge existing gaps in research and application, and address the pressing challenges industry professionals face by gathering globally acclaimed scientists.

CGTWC 2025 aims to gather researchers, clinicians, industry leaders, regulatory experts, and academicians from diverse disciplines to share insights and foster collaboration. As the healthcare landscape continues to evolve, the need for innovative therapies to treat genetic disorders, cancer, and other chronic diseases has never been more urgent. With the global rise in genetic conditions and the growing demand for effective treatments, this conference is a critical platform for discussing recent developments and future directions in cell and gene therapy.

We are excited to create opportunities for networking, knowledge sharing, and intellectual growth. The agenda will feature presentations on the latest research findings, technological advancements, and case studies highlighting successful therapeutic applications. Attendees can expect engaging sessions that promote interaction with peers and experts in the field.

Join us at the Cell & Gene Therapy World Conference (CGTWC 2025) to participate in the conversation shaping the future of medicine and driving forward the potential of cell and gene therapy.

We'll see that the best organizing team shares your best work on the best platform. We'll work hard to make the conference successful with the most significant planning schedules. It would be an incredible experience for you, us, and everyone attending the meeting.

SCIENTIFIC SESSIONS

- ▶ Advances in CAR T Cell Therapy
- ▶ CRISPR Cas9 and Beyond Genome Editing Technologies
- ▶ Regulatory Challenges and Solutions for Gene Therapy
- ▶ Personalized Gene Therapy for Rare Diseases
- ▶ Stem Cell Therapies: From Bench to Bedside
- ▶ Immunotherapy and Cancer: Cel-Based Approaches
- ▶ Clinical Trials and Real-World Applications of Gene Therapy
- ▶ Overcoming Challenges in AAV-Based Gene Therapy
- ▶ Ethical Considerations in Genetic Engineering and Therapy
- ▶ Gene Therapy for Neurodegenerative Diseases
- ▶ Cell Therapy Manufacturing: Overcoming Scalability Issues
- ▶ Gene Editing for Haematological Disorders
- ▶ Artificial Intelligence and Data Science in Cell Therapy
- ▶ Stem Cell Therapies in Cancer Treatment
- ▶ Longitudinal Studies of Cell and Gene Therapy Outcomes
- ▶ Non-Viral Gene Delivery Strategies
- ▶ Pharmacovigilance in Cell and Gene Therapy
- ▶ Advances in CAR Cell Therapies
- ▶ Manufacturing and Process Analytics in Cell and Gene Therapy
- ▶ Gene Editing for Haematological Disorders
- ▶ Hematopoietic stem cell-based Cell and Gene Therapy
- ▶ Next Generation Gene Therapy

ABOUT ORGANIZER:

Precision Global Conferences is a highly established scientific conference organizer. We take great integrity in conveying your achievements to the world. We emphasize your incredible work and contribution to science. Precision Global Conferences has developed the progression, broadcast, persistence, research, and development activities in cancer, neurology, nursing science, and catalysis.

We support the beacon of quality research and the efforts of academicians, researchers, scientists, doctors, and all the future young experts to confide their eminent works fearlessly. Our primary goal is to make health care accessible and understandable to the people. We are ecstatic to pass on the ray of research, developments, and cutting-edge therapies worldwide. Hence, we are here to organize and conduct highly esteemed conferences.

This conference will emphasize distinguished works and their medicinal consequences through hybrid presentations. If you're in search of a perfect podium that can reflect your professional ethics and voice your work, we are here with the best team, welcoming your honorable presence.

WHY ATTEND THE PRECISION GLOBAL CONFERENCES?

- 1 You'll gain fresh viewpoints and insights while staying current with your field.
- 2 Network and get to know subject-matter specialists. Interacting with, getting to know, learning from, and sharing ideas with the experts in your field can lead to future partnerships and research sponsorships.
- 3 Sharing and presenting your work will help build your professional reputation.
- 4 You might meet people who are behind and ahead of you. Looking at their accomplishments can inspire you to polish your work to the next level.
- 5 You never know where a connection will lead you. Hence, offline and online connections are very important for growth.
- 6 Attending conferences can inspire your creativity, spark your exposure, enhance your mindset, and inspire you to pursue things in novel ways.
- 7 Leaders in the world are perpetual learners. Even taking a few notes during a conference can assist you in coming up with ten fresh approaches to a single issue.
- 8 Attending a conference helps keep your knowledge correct, insights sharp, and strategies fresh.
