# ABOUT THE CONFERENCE

WVRDC 2025 is poised to be a transformative conference scheduled to take place in France from July 17-19, 2025. This event invites brilliant minds from all over the world to share insights on vaccine and virology. Intending to bring together leading researchers, doctors, experts, students, businesses, and policymakers, the conference aims to serve as an excellent platform for sharing groundbreaking research ideas and innovative solutions.

The conference will feature a variety of engaging presentations, programs, workshops, and talks, aiming to address challenges in disease prevention and treatment. This conference is expected to provide a platform for all attendees to gain deeper knowledge about the latest trends and advancements in vaccine development and virology. The COVID-19 pandemic has underscored the importance of learning and understanding viral disease pathogenesis and its prevention methods.

Participants will have an exclusive opportunity to discover research progress, ideas, current research trends through interactions with speakers, guests, professors, scientists, and doctors. This will facilitate networking and collaboration with global peers, leading to groundbreaking advancements in vaccine and virology. The conference features scientific sessions covering topics such as vaccinology, vaccine design and development, vaccine delivery system, generations of vaccines, cancer treatment vaccines, advances in vaccines, post-marketing surveillance, veterinary vaccines, general virology, detecting viruses, viral sequencing, viral sequencing, plant and animal viruses, viruses in research and medicine, and many others, to gain insights into the latest advancement in technologies.

The conference welcomes great minds from around the world to participate and contribute toward making this conference a momentous success. This event is anticipated to explore the future of disease treatment and prevention.

# ABOUT ORGANIZER:

Precision Global Conferences is a highly established scientific conference organizer. We take high integrity in conveying your achievements to the world. We emphasize your incredible work and contribution to the science. Precision global conferences have produced the progression, broadcast, persistence, research, and development activities in the field of cancer, neurology, nursing science, and catalysis.

We support the beacon of quality research works and efforts of the academicians, researchers, scientists, and doctors and all the future young to be experts to fearlessly confide their eminent works. Our primary goal is to make health care accessible and understandable to the people. We are ecstatic to pass on the ray of research and developments, and innovative therapies throughout the world. Hence, we are here to organize and conduct high esteemed conferences.

This conference will emphasize the distinguished works and their medicinal consequences through hybrid presentations. If you are in search of a perfect podium that can reflect your professional ethics and voice your work we are here with the best team, welcoming your honourable presence.
